**Dale Devereux Barker** - Ten Pictures about Swimming - portfolio

We are delighted at being able to offer you Dale's recent portfolio of 10 prints, all related to the world of swimming. Whether you are a swimmer or not, you will be able to identify with the pictures and their humour.

Dale is a swimmer and still competes and the works are keenly observed from his own experiences in and around the pool.

Technically these lithographs, with Dale's continued drive to be inventive in any medium, have broken new ground for us, being able to print such controlled blends of colour over a small band width. We are sure that you will find them an enjoyable series of prints, which come in two binding options.

The deluxe version has an original hand drawn printed paper covering the boards, which are lined and tied with ribbon. Each print is verso signed and titled, with the edition number and printed details of titles and product details in a hand folded three sided paper folder. The standard version is the inner contents of the deluxe version without the covered boards, but held in place by the three folding paper cover, which opens out to reveal the first image. This paper binding contains full titles of all the images and product details along with edition number. Each print is signed and titled at the bottom.

**2008 - Curwen 50th Anniversary Portfolio:**

We are now on the finishing straight and are excited at being able to show you the completed portfolio. I know you will have already seen some of the images, but hopefully you will be enthralled by the complete set and its unique packaging solution.

We hope that our 50th Anniversary portfolio will be of interest to a broad cross-section of people, as it is not only the individual artist's work that inspires, but also shows the wide range of work and its diversity that we undertake in any given year. Sadly, not all the artists that worked with us through 2008 were able to contribute, due to time restraints, but we are very pleased and grateful for everyone's input.

The 31 prints are contained within a frame, so the minute you unwrap your portfolio you can hang it on the wall. The portfolio details are printed onto the frame backboard, so everything is neatly contained intact, but at the same time allowing you to alter the prints easily, therefore being able to enjoy all the prints at no extra cost.

Portfolios can be hard to sell, but our unique solution does away with some of the restrictions and might even encourage people to give all the images an airing.

The edition size of the portfolio is 50, each artist will be given a complete set along with A/P's of their own print, some of these sets will be taken out of the edition - in total we are publishing 65 copies. All the prints are signed, numbered and archival. Dimensions of sheets 10" x 12". Complete list of artists at top of next page. Price £4500.00 + P&P. Trade enquiries welcome.
